<http://www.iupatdc51.com>

## QUALIFICATIONS

- Must be 18 years of age and are required to submit documentation to substantiate proof of age.
- Must possess sufficient knowledge to satisfactorily complete the on-the-job training and related technical instruction.
- Must be physically capable of performing the essential functions of the apprenticeship program without posing a direct threat to the health and safety of oneself or others.
- All persons interested in making application must submit to a pre-admission drug screening within 30 days of making application. The cost of the pre-admission drug screening is \$35.00, payable in cash (exact change) or money order made payable to the Finishing Trades Institute. All applicants refusing to submit to the pre-admission drug screen will not be permitted to make application with this program. All pre-admission drug screenings must be done through an approved FTI provider. All drug screening scheduling is done through the FTI Office. Drug screening paperwork is processed Monday through Friday, 8:00 am - 10:00 am only, no appointments are necessary. Pre-admission applicants are required to complete the drug screening paperwork, read the FTI Drug Policy, and pay for the testing before proceeding to the test center. Pre-admission applicants will be given the laboratory paperwork and directions to the test center where the testing takes place. The drug screening test

WASHINGTON, D.C. AREA BUILDING TRADES  
APPRENTICESHIP PROGRAMS  
PAGE 3

must be performed within 24 hours of making payment and receiving all applicable paperwork. The drug screening test is only good for 30 days. Pre-admission applicants must return to the FTI offices to complete the Apprenticeship Application Process which is held on the first Monday of the month following the drug screening test. All costs for the initial drug screening test, retesting, and subsequent follow up testing will be paid for by the applicant. Any applicant whose test results reveal intoxicants at or above the allowable limits will not be extended an offer of admission. Those testing positive to the drug screening will be notified of their inability to apply. An applicant who tests positive may reapply after six (6) months. Upon confirmation of a negative drug screening test an applicant will be eligible to complete an application.

- Applicants will be screened by the FTIC and all that meet the screening criteria are accepted by the FTIC as eligible for apprenticeship and are provided a Statement of Eligibility Form and then referred to participating contractors who are hiring.
- An applicant will be given 30 days in which to secure employment. When an applicant is accepted by a participating employer, the applicant will return to the FTIC offices with an Intent to Hire Form, which must be completed and signed by the employer indicating the initial starting date of employment. If an applicant does not secure employment within 30 days after being issued a Statement of Eligibility Form they must return to the FTIC office to renew that Statement of Eligibility every 30 days.
- Upon receipt of the completed Intent to Hire Form an applicant becomes a Probationary Apprentice for a period of 90 days or 500 hours, whichever comes first. Upon successfully completing the 90 day probationary period an apprentice is indentured into the program.

Applications are taken quarterly, the first Monday of the months of  
March, June, September and December

The International Union of Operating Engineers, Local 99 Joint Apprenticeship Committee sponsors an Apprenticeship Program. **Applications are accepted once per year, in the first full week of May, in person.** There is no guarantee of acceptance into the program; generally, over 200 individuals apply and only 25 to 30 are accepted each year. This program is recognized and registered with the District of Columbia.

Applicants must be 18 years of age by the date of application. It is beneficial for applicants to have received instruction in mathematics, computers, mechanical drawing, machine-shop practice, physics, and chemistry. Mechanical aptitude, manual dexterity, and good physical condition are also important.

#### Eligibility Requirements

In order to be eligible to participate in the Construction Craft Laborers' Apprenticeship Program, applicants must meet the following qualifications:

Minimum of 18 years of age (birth certificate required)

Minimum of 10th grade education (copy of high school transcript required).

An applicant may apply for the program with less than a 10th grade education, providing he/she agrees to enter and complete a GED program within 12 months or less.

Must be physically capable of performing work duties of the trade.

Completion of apprenticeship application form, as determined by the Laborers' Training Fund.

#### How To Apply

Applications are normally taken on the first Thursday of every other month at the Laborers' Training & Apprenticeship Institute of Washington D.C. and Vicinity. The evaluation session starts promptly at 8:00am, those applicants arriving after 8:00am will be denied access and required to return the following month. Applicants must wear outdoor work clothes, boots and bring photo identification.
